

# **Peterborough Fish & Game Association**

## **Junior Airgun Program**

The Peterborough Fish & Game Association (PF&GA) Junior Airgun program is taught by PF&GA volunteers from November to March, on Friday nights from 7:00 to 9:00PM. Instruction in air rifle and air pistol takes place on our 10m indoor heated range, complete with returning targets. Open to male and female participants between the ages of 12 and 20.

The Junior Airgun program is designed to introduce new shooters to air rifle and air pistol target shooting. Emphasis is on safe gun handling and range protocol. Rifles, pistols, pellets, targets and safety glasses are provided for a weekly fee. ONTarget: Rifle and Pistol Alliance membership is mandatory for competitive shooting. Membership in the Shooting Federation of Canada(SFC)is recommended as they provide national classification for Competition.

Junior shooters will be encouraged to participate in shooting competitions. In the past we have competed in the Lakeshore Smallbore Association matches, the Ontario Winter Games, Ontario Indoor Championship, The Grand Prix and The Nationals. Details regarding theses matches will be provided. Our shooters have done well in competition, often winning medals. More important than the medals was the experience of participating in events of this magnitude and the friendships that were forged.

Target shooting with air guns is a recreational sport that is open to all. There is no ideal criteria or age group for this sport. It is completely open, in some events women & men compete as equals. The shooting sports are one of the most popular sports in the world for participation. Competition is available at all levels and age groups, from club level right up to the Olympics. Shooters are able to compete into their senior years. There are events for disabled athletes as well.
